OUR CLIENTS

The industry's most powerful owners, each significant brand, and developers.

About Us

Over the years, we have developed a process that maximizes our timely delivery, within budget, and to the quality required by any developer.

SHUBHAM INTERNATIONAL

Shubham International is uniquely positioned to develop and consolidate procurement solutions for commercial kitchens, operating supplies and equipment (OS&E), and laundry. Since our inception, we have been recognized as a leader in service, performance, and quality due to our unique understanding of India's growing hospitality. From concept to completion, we offer customized solutions for commercial kitchens and laundry, including consulting, design, contract management, project execution, and support services.

We meet the requirements of a diverse group of clients seeking the best, most innovative, and most complete OS&E solutions for in-room, food and beverage, buffetware and holloware, linen, kitchenware, bakery and pastryware, and banquet solutions. Because we only partner with high-standard brands around the world, we are dedicated to providing services that are unmatched in quality and performance. With our unmatched professionalism, broad selection of equipment, flawless after-sales service, and the enviable resource of the depth of knowledge and commitment of our management and staff, we set the bar for our industry.

WHO WE ARE

Shubham International was founded by Aditya Khandelwal, an MBA graduate in finance and marketing. His vast knowledge and decades of professional experience have enabled him to successfully complete projects for the most prestigious hotel chains like Taj, Marriott, Hyatt, Hilton, Accor, Wyndham, IHG, and Carlson, among others, enabled us to assess and comprehend the needs of the client for a specific good or service and to provide innovative and technical solutions that are affordable, transparent, and dependable while sharing ideas, knowledge, and experience to turn your vision into reality.

OUR MISSION

To be the premier provider of kitchen, OS&E, and laundry equipment, products, and services. Our goal is to provide comprehensive customer care, not to undercut the prices of our rivals. This begins with exceeding the client's expectations, and it is sustained by continuing to do so while building a strong working relationship.

OUR VALUE

At Shubham International, we believe that success comes from assisting our clients in reaching their objectives. Their challenges become ours as we collaborate to develop and deliver effective solutions that solve problems while providing clients with an industry-leading foundation for growth. Because our relationships are what drive us, our seasoned team of business experts stands by each client for the long haul. This means that we are dedicated to openness, sincerity, and integrity in everything we do.

OUR VISION

Our vision is to lead the commercial revolution of innovation for the hospitality and tourism sectors by creating a high standard of quality products and services against which all other companies will be measured.

Our Services

We place a high value on service quality and make investments in it through technology that enables us to reach our customer's needs.

Design Services

Our knowledgeable team works closely with renowned kitchen design and management consultants to bring our clients' visions to life. Our internal CAD design department offers quick turnaround with accurate drawings and renderings that are ready for implementation, from minor upgrades to full commercial kitchen and laundry designs. Working together with our carefully chosen associates and suppliers, we provide the ideal fusion of form and function with the highest level of value and effectiveness.

Equipment Specification

We constantly scan the market for the most recent technological advancements and improvements to quality standards as committed developers of our clients' dreams. With our extensive network of reputable brands and decades of experience, we are confident that we can offer our clients a unique perspective on equipment selection and specifications. We collaborate with industry pioneers and devoted experts who uphold our steadfast commitment to providing premium goods and services. Leading caterers from around the world support our commercial kitchen equipment offerings, which have an impeccable track record.

Project Management

We are aware that in order for their projects to succeed, our clients require a seasoned provider. Because of this, we have incorporated customer care into every phase of a project's life cycle. With the help of our internal resources and collaborative partners, we manage each project from design to handover and even operator staff training. Since the satisfaction of our clients is our top priority, we make every effort to complete tasks on schedule, within budget, and in accordance with requirements. We bring our expert knowledge and professionalism to the job, whether it is the installation of a few pieces of equipment or several specialty items.

Installation & Maintenance

A highly qualified and expertly trained team of professionals is required for installation and maintenance. In order to fully concentrate on either the installation requirements for any project or client, or on the service requirements, we do this by completely separating the two departments. We also train our staff at the locations of our major suppliers to ensure that they have the in-depth expertise and experience required to handle any installation or service with the utmost efficiency.

Our Offerings

We offer contemporary and innovative hospitality solutions, and we take great pride in assisting you in achieving overall brand consistency and scalability.
